

# 10 Mile Point Urban Orienteering, February 2022

## RESULTS

Thank you to all who participated. We had almost 60 registrations for the event so it appears many did not submit results.

Congratulations to Jeremy Lawrence for finding all 42 control sites and correctly answering the questions

And to all in the Walkers category, very highly contested, with lots of close results, but the speed walkers Linda and Marie really shone.

Regardless, I hope you all enjoyed your 2 hours!
