

## BEACON HILL NEW YEARS ORIENTEERING 1 JAN 2024 MYSTERY CONTROLS

**CONTROL 21**

**CONTROL 22**

**CONTROL 23**

**CONTROL 24**

These 4 control flags are in addition to the 20 controls (that will be on the map) . These controls are on the description sheet, but their locations are NOT MARKED ON THE MAP. They can be located by carefully identifying the areas where they are located either in the days leading up to the event or during the event. However, **please do not roam the park looking for these on the morning of the event.** When the event is progress, you can visit these sites and collect these BONUS controls to add to your tally of control flags found. Have fun!
